VOL. 1.

LOGAN, CACHE COUNTY, UTAH, THURSDAY, SEPTEMBER 23, 1902.

NO. 3.

Relating

to Cache

County

Politics,

and Affairs

Generally.

A Republican county convention is hereby called to meet at ten o'clock a. m. on Saturday, October 11, 1902, at the County Court House, Logan, Utah, for the purpose of nominating the following officers:

One State senator; three representatives to the State Legislature; one county commissioner for four year term; two county commissioners for two year term; a county clerk; a county attorney; a county sheriff; a county treasurer; a county recorder; a county assessor; a county surveyor.

The convention will consist of 145 delegates based on one delegate for every 20 votes cast for Governor Heber M. Wells in 1900, proportioned to the various precincts as set forth below:

Avon	1
Benson	2
College	2
Cove 1	1
Cove 2 Mt. Home	1
Clarkston	3
Greenville	1
Hyrum	14
Hyde Park	5
Logan 1st District	3
Logan 2nd	5
Logan 3rd	5
Logan 4th	4
Logan 5th	5
Logan 6th	5
Logan 7th	5
Logan 8th	4
Logan 9th	8
Logan 10th	6
Lewiston	7
Millville	3
Mendon	3
Newton	4
Peterboro	1
Providence	6
Paradise	7
Richmond	10
Smithfield	13
Sterling	1
Trenton	2
Wellsville	8

145

Primaries will be held in the respective precincts on Thursday, Oct. 9th, at 8 o'clock p. m. for the purpose of electing delegates to said convention. At said primaries the respective precincts will also organize for the campaign, by electing a precinct chairman and committee.

The primaries in all precincts, except Logan, will nominate one Justice of the Peace and one constable for their respective precincts. The delegates selected from Logan will meet immediately after the convention adjourns and nominate one Justice of the Peace and one constable for Logan city precinct.

JOSEPH ODELL,
Chairman County Committee,
WM. H. THAINE,
Secretary.

When asked whether he was going to be the next sheriff, Mr. J. W. Barrett said: "Not if I can help myself. There seems to be plenty of candidates but T. H. Smith is the man for sheriff."

On arriving at Richfield after the convention at Ogden, Judge McCarty was met by the local band and serenaded. The Judge made a few remarks in response and was heartily cheered. This sounds something like his home people mean business.

The Republican campaign will be opened on Tuesday, Sept. 30, by a big rally at Wellsville, the home of Mr. Howell, Republican nominee for Congress. It is understood that Mr. Howell will be one of the speakers, and that other prominent orators of the State will be present and lend to the success of the occasion. The selection of Wellsville as the place to open so important a campaign is a compliment to Mr. Howell and his home town, and the citizens of that little burg will no doubt show their appreciation by making every effort to have the biggest rally held in the county during the campaign. The Republicans of the entire county should feel deeply interested in this first effort of the campaign and lend their encouragement and presence. A good start means the battle is half won and this should be a rouser. The entire State will be watching the affair and will be influenced by this first attempt. If the workers in other parts of the State see that the Republicans of Cache county are thoroughly alive to the condition of things and working like beavers, it will tend to arouse greater enthusiasm and more earnest effort everywhere along the line. Let the State Committee and County Commit-

tee make known their plans and the Republicans over the county will support them as never before.

The Democratic State committee has rented expensive rooms in the Knutsford hotel for headquarters. And yet the Democratic Journal talks about the Republican "barrel."

For information as to Judge W. M. McCarty look up the Journal's files of about two years ago. Mr. McCarty was a good man, able lawyer and competent judge then.

Mr. James Meikle of Smithfield, one of the old war horses of the Republican party was in Logan Saturday. In speaking of the political situation in the Smithfield precinct he said that everything was rather quiet, no interest having been stirred up. He is of the opinion that T. H. Merrill of Richmond is the man who will be the Republican nominee for State Senator. Mr. Meikle was very enthusiastic in speaking of Merrill's capabilities, etc., and for one is willing to pit him against Hon. W. H. King in a series of debates. He said that Mr. Merrill was not out making an active canvass for any nomination but that if the convention saw it's way clear to favor him, he would put forth as great an effort to be elected as any man. "As an able speaker, clear thinker and plain reasoner, Merrill has not a peer in the county," says Mr. Meikle. He also suggested that Joseph Richardson would like to secure the nomination for representative.

Mr. Meikle did not give us the impression that he is wanting any favors at this time, but we learn from some of his friends that he would accept a nomination as commissioner or representative. Mr. Meikle is one of these old timers who was a Republican when it wasn't hardly safe to mention it. He was elected to a commissioner's seat at one time and served with credit to himself and the county, and any recognition at this time would be honoring a deserving and capable man.

From what we can gather in conversations with representative men in both parties we are led to believe that there is a disposition on the part of each organization to leave women off the ticket. Personally we know little of the situation in this respect, but it seems rather inconsistent for the men to give the women a right to vote, and then tell them they can vote only for men. Some say "let the women be satisfied with the deputyships," while others contend that if they are worthy and capable as deputies, they are competent to serve as heads of departments. Give 'em a show for their money any way.

Logan feels that Wellsville is wanting too much, and the rest of the county is afraid Logan will want to claim everything in sight. In the end the offices will be apportioned out as near right as possible and then each will be sorry they misjudged the other. A little careful judgment and right disposition on the part of those interested will straighten most any little difficulty.

We hear Mr. Thomas Smart Jr. mentioned as a possible candidate for commissioner, and his friends say he is one of the best men that could be put up. Mr. Smart is one of the heaviest taxpayers in Logan city, is a man of unquestioned ability and considerable popularity and would no doubt make an excellent race. His peculiar fitness for the position will commend itself to the consideration of the thinking element. He has always been a faithful Republican, and there are many who would like to see him secure the nomination, if he will accept it.

Saturday, Oct. 11 is the day set for the county Convention. October 4th would have been a more acceptable date, but owing to the fact that conference is in session at that time it was deemed advisable to delay the convention a week. Since the date is announced candidates will probably be a little more active.

In conversation with Mr. D. R. Roberts, who is spoken of as a fit man for representative, he expressed himself as being very well pleased with the support that is being offered. He has asked for no pledges, his friends having come to him voluntarily and offered their undivided support, and naturally this is very gratifying. Mr. Roberts has ever been a resident of this valley, and during the several years

he has been in business the opportunity for coming into contact with men all over the county has been great. As a result he would probably be able to poll extra votes from every section on account of his familiarity with the people. Mr. Roberts is a graduate of the B. Y. C., is thoroughly capable as a man of business, is up-to-date and progressive, and is no doubt one of the best men who could be brought forward. Mr. Roberts says that various Democrats have offered him their support if nominated.

Mr. John Hendrickson's stock as a candidate for State Senator seems to have gone up a few notches. Friends have become so insistent that he is seriously considering the idea of coming out boldly for the place. However, he is first, last and always for harmony. He believes that there is a chance for Republican success if there is no bad feeling resulting from the convention, and he is anxious that this be avoided at any cost. He has sacrificed himself before for harmony and is willing to do so again if necessary. If it is indicated clearly that there is a disposition on the part of the majority to nominate him he will come out and no man will go to greater lengths to be elected, providing he is nominated. Mr. Hendrickson's ability is a recognized fact, and his energetic, hustling qualities are features that attract attention to him. At the same time he is one of the heaviest taxpayers in the city and a man in every sense worthy of the position. He has never been recognized before and this will carry weight.

George H. Thomas of Smithfield was in the city on Monday and said that he is certainly in the race for recorder. Mr. Thomas was city chairman at Smithfield four years and was nominated for mayor at the time and with practically the entire Republican ticket was elected. Two years ago he was renominated and also elected. Mr. Thomas has the assurance of considerable support from the north end of the county. He is recognized as a man competent and worthy of the office and if a man is to be the nominee, he will probably stand a fair show of being that man. His service to the party has been great and his desire for recognition is not out of place.

J. C. Knowles, another senatorial aspirant, is doing very little public talking but is probably pulling all the little strings known to him to secure the nomination and if he is as successful along this line as he has been in winning elections for the ticket, the other fellows had better look a "leedle out." Mr. Knowles when county chairman cut down the Democratic majority to 308, which shortly after ran up to 1,400 under another chairman. Mr. Knowles was again made county chairman but waded into that 1,400 like an avalanche and relegated it to "innocuous desuetude," electing the Republican ticket by something like 300. As city chairman last campaign he manipulated the wires with such success that Mayor Hansen was elected by about 300. This isn't a bad record and will count with many.

Mr. Knowles is at present Road Commissioner and in a short time will make report to Governor Wells of the work done and how the money was expended. We understand that he has accomplished great things with the limited amount of money at his command and that the report will prove rather flattering to his ability as a manager. He is confident of Republican success this fall if the convention will exercise judgment in the selection of men, and not make such asses of themselves as they did at the time when men were nominated and then asked to withdraw from the ticket.

C. E. Lloyd practically announces himself as a candidate for commissioner. As yet he has done little of the necessary handshaking and ear tickling to secure the nomination but has been urged repeatedly by friends who recognize in him the qualifications for a successful commissioner. Mr. Lloyd was for years with the Logan Implement Co. as salesman and was also with the Sidney Stevens Implement house. At present he is at the head of the Daniels Machine Shops and has built that institution from a struggling infant into a mature and successful and mature business corporation. He hails originally from Wells-

ville and has a host of Republican and Democratic friends there who will support him if nominated. He is known as a man of good judgment, and many personal qualities that would put him before the people as a candidate above the average.

H. Bullen Jr. desires us to say that he is still in the race for the nomination for State Senator and expects to be in the race until the convention decides as to who the nominee will be. He believes that his services entitle him to this recognition, and his qualifications make him competent to fill the office with credit to himself and the county he represents. He is a graduate of the State University, has taught school in various parts of the county, has held positions of trusts acceptably, and has been brought into contact with the citizens of the county in such ways as to make him an excellent candidate if nominated. If the convention decides that some other man would be more acceptable to the Republicans of the county, he is for that man, and if he himself is the man so honored he will leave no stone unturned to secure his election and the election of the entire ticket.

H. A. Pedersen has been mentioned for treasurer and one enthusiastic friend said Hans could be county attorney, too, if no one else wanted it. This office seems to be going a begging at present.

It is announced that Judge W. H. King will come to Logan on the night of Sept. 30 and open the Democratic campaign, and the following night make his appearance in Wellsville and proceed to demolish everything anti-Democratic. No doubt the few Democrats that are left in Logan will rally round the Judge and try to make him glad he didn't stick to his first manifesto. Laying all jokes aside Judge King comes as State quantity, an able man and eloquent talker and will command attention as a matter of course. He should be greeted as becomes a man occupying the exalted position he holds and has held before the public.

We have it upon the best authority that the challenge for a series of debates between Hon. W. H. King and Hon. Joseph Howell will in all probability be rejected by the Republican party managers. It is a well known fact that debates of this nature bring out only partisans who could not and would not be convinced of anything by either speaker and is a thing that oftentimes engenders bad feeling among the voters. The challenge was made in the hope that it would be rejected, and that voters who believe that an orator in Congress is the essential thing might see in the rejection something that is detrimental to Mr. Howell. The proposition is absurd and ridiculous. It seems to be the idea of Democratic managers and speakers to conduct a campaign of vituperation against the government, and there is no reason why increased crowds should be brought together to hear the government maligned. We believe the managers will be doing the proper thing in paying no attention to such challenges.

When King gets to Logan he will discover that he is not monarch of all he surveys. Cache County Republicans may not have any walkover, but they are going to do everything on earth to make him wish that he had reconsidered his reconsideration.

Benefit for H. J. Christiansen.

The following program will be rendered at a benefit to be given for Mr. H. J. Christiansen, in the east basement of the Tabernacle, Friday evening, September 26. Mr. Christiansen will leave on a mission to Scandinavia about the first of October.

Opening song by Scandinavian choir. Prayer by Bishop Christian J. Larsen. Opening remarks by Lars Pearson. Selection by members of the choir. Speech by Christian Larsen. Song by Jacobsen Sisters & Co. Remarks by H. A. Pedersen. Selection by the choir. Declaration by Ivar Alme. Instrumental music. Presentation of purse by F. Jacobsen. Remarks by H. J. Christiansen. Selection by members of the choir. Remarks by President Joseph Morrell. Solo by Minnie Peterson.

Prayer by Bishop Anthon Anderson. There will be a collection taken, so the pocket books should not be forgotten.

Building Improvements.

Down on South 1st West, George Dunbar, of the firm of Dunbar & Robinson, is having built a five-room brick cottage that will add much to the appearance of that particular block. Jacques Bros. are doing the masonry and Gus Berntson the woodwork.

John Spande, of the Spande Furniture company has in course of construction down on the Island an eight-room brick that is a beauty. It will have all the modern conveniences. Gus Berntson is the contractor.

John Burns is erecting a four-room frame cottage on the Island.

Fred Scholes, of the Zeph Thomas Debuture Bank, is having some splendid improvements made on his Island property. Two rooms of light colored brick are being added in front, and in a short time he will be at home in a very pleasant little cottage.

Mrs. Anna Phillips is having erected on West Center a seven-room, story and a half brick cottage that will present a very pleasing appearance when finished. It is of light colored brick with red brick fancy work, and is being put up by J. W. Barrett, architect and contractor.

Joseph Quinney's new brick residence on West 1st South, just opposite the B. Y. C. is practically finished. Plastering is yet to be done and the necessary cleaning up to make it presentable. It is splendidly located and one of the prettiest eight-room houses in the city. Anthon Anderson was the contractor and J. W. Barrett the architect.

O. P. Ecklund has been doing some repair work on his Island property that is worthy of mention. His improvements are largely internal and will make his home more convenient and pleasant.

Joseph Odell has dug the cellar and put in the foundation for a \$3,000 residence, to be built in the early spring. It will contain eight rooms, and up-to-date improvements. The location is just across from, and a little below, the Thompson property on West Center.

F. G. Smith's new bakery building on the south side of the square will soon be completed and ready for occupancy. The plastering is yet to be done. If there were more of as nice looking buildings on that side of the square it would help the appearance of the business portion of the city very much.

Peter Affleck's new brick residence on South First East street is nearing completion. It has five rooms and its pleasant location will make it a very pleasant home.

Mr. Walter Lamareaux has the brick and other material on the ground for a residence to be erected as soon as possible. He has asked permission of the council to put up lighter walls than ordinances call for and until this is settled the erection will be delayed.

The Mrs. Curtis property on North 1st West street is being improved by the making of a new lawn. During the summer the water was shut off and the lawn faded away.

Fred Crockett has a splendid six or seven room brick on the Island very nearly completed.

George Lindquist's new home on North 1st East is practically finished. It is a six-room frame structure.

George H. Champ's \$5,000 brick is rapidly nearing completion. It will be one of the handsomest residences in the city.

Recent Deaths.

Mrs. Lavina Maughan, wife of W. W. Maughan, died at the family home in Logan, Wednesday evening, Sept. 17, at 9:30 o'clock. She had been ill for several days of bowel trouble but was not thought to be in a dangerous condition, consequently her death came as a surprise and great shock to her relatives and friends.

The deceased was a daughter of Mr. and Mrs. John Parry, who moved from Salt Lake to this place in 1880, and at the time of her death was aged 44 years, 10 months and 23 days. In October '83 she was married to Mr. Maughan, who with four daughters survives her. During 19 years of married life she was a devoted wife and loving mother—just such a woman as has numberless friends and is loved

and respected by any community. Although occupied with household cares, she had the disposition and found the time to do good things for others and was always ready and willing to lend a helping hand to any who needed her assistance. In church work she held a prominent position and filled her place acceptably. She was especially interested in the primary associations and M. I. A., and was also a member of the Stake Presidency of the Y. L. M. I. A. In her church work she will be sadly missed as a faithful and earnest worker devoted to the cause for which she labored. Her friends will miss her as a pleasant woman who delighted in the good things in life and who believed in sowing seeds of kindness. In the home her husband and family will miss her as a most beloved wife and mother. At such times as this little can be said—little comfort can be offered by earthly friends, but there is a comfort in the assurance of the Heavenly Father that he seeth our sorrows and hath compassion.

The bereaved husband, daughters, mother, sisters and brother have the heartfelt sympathy of a host of friends.

The funeral services were held at the tabernacle Sunday at noon and were very impressive. Elder Thomas Morgan, Bishops Thomas and Smith, Apostle A. O. Woodruff and Presidents J. Golden Kimball and Joseph Morrell were the speakers.

A large concourse of friends followed the remains to their last resting place.

Hans Wilhelm Gullicksen of the seventh ward died last Saturday at 12:10 p. m. His death was the result of heart disease, and was sudden and unexpected. He leaves a wife and two children to mourn their loss. Mr. Gullicksen was born in Buskeruds Norway July 27, 1836, emigrated to Ogden, Utah, in 1880, came to Logan in 1890 and lived here until his death. Funeral services were held in the seventh ward meeting house Monday.

Mrs. Hiram Merrill was stricken with paralysis at 7:30 o'clock Friday evening and died at 5 o'clock Monday morning, never regaining consciousness from the stroke. She was a good woman, universally loved and will be missed by a host of friends. The immediate family are plunged in deepest grief and have the sympathy of many warm friends.

Hyrum Happenings.

President Wm. C. Parkinson is also building a neat little house.

Soren Hansen's fine residence is gradually growing sky-ward. It is a dandy.

The Hyrum Co-op has just added a new awning to the front of their establishment.

Alma Hansen, son of H. P. Hansen sr., will leave for a mission to Germany within a few days.

Bishop J. F. Wright and wife are planning a trip to the Pacific coast, to be gone during the winter season.

Many good words are being said for the "Republican" and it is our opinion that it will be liberally subscribed for and eagerly read by the people of Hyrum.

Miss Emma Lucy Gates, the noted singer, will appear here in concert at the opera house Thursday, September 25th. It is a treat to our town, and we feel honored on the coming of that talented lady.

Thursday evening the Relief Society of the First Ward gave an ice-cream party in the meeting house. After the cream had all melted dancing was indulged in until after mid-night and everybody enjoyed themselves.

The trustees of School District No. 9 have recently purchased from the church their academy building, and since coming into possession of it, have put in many improvements, including a hot air heating apparatus, all of which will cost about \$1,000.

Julius Johnson, one of our city councilmen—has been very sick the past month. Last June he underwent a serious operation in Salt Lake City for the removal of a tumorous growth, and came out of that very nicely, but last month he was afflicted with typhoid fever. We are pleased to learn that he is gradually recovering and hope to see him out soon.
